

To Whom it May Concern,

I have known Bennett Stavelly personally for over five years, and have always known him to be a remarkably optimistic and charismatic individual. I believe that his skills and experience make him an excellent candidate for a design position. His positive attitude is also infectious and would be a wonderful asset in any working environment.

Having worked with Bennett on many digital media projects in college, I can honestly say that he is absolutely wonderful to work with. He's a natural leader when it comes to teamwork and not only effectively expresses his ideas, but also has a great tenacity of following through with his part of a project by the specified deadline.

Bennett's communication skills, both written and verbal, are excellent. He speaks both English and Spanish, which can be very useful in the ever-growing multicultural aspect. He is also organized, efficient, and is able to take on a great deal of responsibilities at once without stressing over them.

I highly recommend Bennett for any design position or endeavor he may seek to pursue. I have had the privilege of working with him and watching him grow as an individual. He will be a valuable asset for any organization.

If you have any further questions, please feel free to contact me by phone or email.

Sincerely,

Nikki Millering
